## Eighth Bi-Annual Multi-Disciplinary Symposium 2010 The Mayfield Inn & Suites - Friday, April 16, 2010

Saturday, April 17, 2010

### Course I - Innovations In Compression Hosiery Therapy - Fitters Certification Program

#### AL REUBEN - VENOSAN CANADA INC.

- Demographics
- Physiology, Indications and treatments
- Understanding patient needs
- Textile innovations
  - Maximizing patient therapy by understanding textile characteristics and selection criteria
- Role of the fitter and provider
- Measuring, fitting, tips and tricks to exceed customer satisfaction
  - Ready made and custom made-to-measure garments
  - Hands-on session group break-outs

### Course II - Introduction To Neuro-Proprioceptive Taping - Training Session (A receipt will be given on site) (Includes Training Manual, tape, certificate and snacks)

#### GILLES COURCHESNE, P.T., Certified Sports Physiotherapist Objectives and course description:

Inform and instruct the participants on the basic principles and methods of neuro-proprioceptive taping.

Following this training, the participants will be able to:

- Conceptualize the method of neuro-proprioceptive taping
- Make the connection between neuro-muscular physiology and NPT technique
- Put in practice application techniques and cutting techniques
- Put in practice the most efficient applications for different indications
- Use the varied techniques according to different pathologies

Dressing Code - Be prepared to dress down, comfortably as there will be hands on training. (Shorts, short sleeved shirts and/or tank top)

### Course III - Therapeutic Shoe Fitter / Footwear Patient Evaluation Course

#### JEROME KLEIN, C.O., C.Ped - AETREX WORLDWIDE INC.

Mr. Klein is a certified orthotist and a board certified pedorthist who has practiced since 1976. He has lectured at New York University, various PFA symposiums and continuing educational programs. He has given seminars on topics including Patient Evaluation, Diabetic Foot Disorders, Casting Techniques, and Biomechanics of the Foot and Ankle. He is on the advisory board of Foot.com, the Pedorthic Newswire and is the Director of Pedorthics at Aetrex Worldwide, Inc.

This extraordinary program will provide participants with extensive education and training to fit therapeutic shoes and much more.

- Anatomy and Terminology of the Lower Extremity Planes of the Body
- Gait
- Diabetes
- Common Foot Disorders
- Sports Related Lower Extremity Injuries
- Pedorthic Management of Foot Disorders
